

include/options/FFTOption
Pricer.hpp

```
graph BT; A[src/main.cpp] --> B[include/options/FFTOptionPricer.hpp];
```

The diagram illustrates a file dependency. A box at the bottom, labeled 'src/main.cpp', has a blue arrow pointing upwards to a larger, shaded box at the top labeled 'include/options/FFTOptionPricer.hpp'. This indicates that the main.cpp file includes the FFTOptionPricer.hpp header file.

src/main.cpp
